

**A****B****C****Species**

- |                             |                             |
|-----------------------------|-----------------------------|
| ■ Cadophora luteo-olivacea  | ■ Mrakia frigida            |
| ■ Chaetomium crispatum      | ■ Mucor hiemalis            |
| ■ Coniella heterospora      | ■ Mucor moelleri            |
| ■ Fusarium acuminatum       | ■ Parastagonospora nodorum  |
| ■ Fusarium culmorum         | ■ Penicillium polonicum     |
| ■ Fusarium fujikuroi        | ■ Pseudoeurotium bakeri     |
| ■ Fusarium oxysporum        | ■ Pseudogymnoascus pannorum |
| ■ Fusarium poae             | ■ Rhizoctonia solani        |
| ■ Fusarium reticulatum      | ■ Rhizopus stolonifer       |
| ■ Fusarium sibiricum        | ■ Sclerotinia borealis      |
| ■ Fusarium sporotrichioides | ■ Thanatephorus cucumeris   |
| ■ Fusidium griseum          | ■ Trichocladium griseum     |
| ■ Hymenoscyphus fraxineus   | ■ Umbelopsis vinacea        |
| ■ Juxtiphoma eupyrena       | ■ Urceolella carestiana     |
| ■ Microdochium nivale       | ■ Zymoseptoria tritici      |
| ■ Mortierella elongata      |                             |
